The choice of provider is yours. This site is for informational purposes only. It is not a substitute for medical, behavioral health, or health care advice. This directory does not recommend a particular provider or type of behavioral health, medical or health care. If you believe you are experiencing a medical emergency, please call 911.

Before scheduling an appointment or receiving services, please check with your provider to confirm available services, and if the provider is participating. The directory is updated weekly. If you think any information in the directory is inaccurate, let us know by clicking on 'Report Incorrect Information' on that provider's page, or calling the number on your health plan member ID card.

The cost estimates on this page are based on average charges for in-network providers within a specific geographic market. Your actual costs may be higher or lower than these cost estimates as a result of changes in the provider's contract or status, additional services that arise during the course of treatment, or for other reasons. Check with your provider and health plan details to confirm the costs that you may be charged for a service or procedure. You are responsible for costs that are not covered and for getting any pre-authorizations or referrals required by your health plan. Neither payments nor benefits are guaranteed.

The network of doctors, facilities and medical groups is always changing. Before making an appointment, please check that the doctor, facility, or medical group is in your network.
